And whereas the population of the said town and district being less than 5,000, the said town and district, until the confirmation of the said Order, formed part of the rural sanitary district consisting of the Newry Poor Law Union:

And whereas the guardians of the poor of the Newry Poor Law Union (hereinafter called the rural sanitary authority) purchased certain lands and premises and executed certain works for the purpose of supplying the said town and district with water, and the particulars of the said lands, premises, and works, and of the materials and appliances used in connection therewith, and for the purposes of such water supply, are set out in the schedule hereto, and are hereinafter called the water works undertaking:

And whereas by an order of the Local Government Board for Ireland (hereinafter called the Local Government Board), made on the ninth day of February, 1875, in pursuance of the Public Health (Ireland) Act, 1874, it was determined that the contributory place and area of charge for the purposes of the said water works should consist of the townlands of Dromore and Ringmuckilroy, situate in the Warrenpoint electoral division of the said union:

And whereas the rural sanitary authority, with the consent of the Lords Commissioners of Her Majesty's Treasury, and on the recommendation of the Local Government Board, borrowed for the purposes of the said water works, from the Commissioners of Public Works in Ireland, the sum of 5,000*l.*, and by deed of mortgage dated the third day of July, 1875, the said sum, with interest at the rate of 3*l.* 10*s.* 6*d.* per cent. per annum, was charged upon the rates of the said townlands of Dromore and Ringmuckilroy and made payable by instalments in 50 years in the manner provided by the said deed of mortgage:

And whereas by the operation of the said Provisional Order and of the Act confirming the same, the power and duty of providing a supply of water for the urban sanitary district thereby constituted has been transferred from the rural sanitary authority to the urban sanitary authority, and in consequence of such transfer, doubts and differences have arisen with respect to the powers, rights, and duties relating to the supplying of the said town and district with water, and with respect to the ownership of the said water works undertaking, and the repayment of the balance remaining due of the monies secured by the said mortgages, and of the instalments and interest payable in respect thereof, and with respect to the power of the rural sanitary authority to levy rates within the said urban sanitary district for the purpose of providing for and paying the said instalments and interest :

And whereas all advertisements and notices required by the said Act having been previously published and given, the Local Government Board has caused a local inquiry to be made into the matter of the said application, and it appears from the result of the said inquiry that in order to settle the said doubts and differences, and to provide properly for a supply of water to the urban sanitary district, the said water works undertaking should be transferred to and vested in the urban sanitary authority and that the several provisions hereinafter contained should be made with respect to the repayment of the balance remaining due of the said sums of 5,000*l.* and 1,000*l.* and interest, and to the levying of rates by the rural sanitary authority within the urban sanitary district :

And whereas this Order will be provisional only until it shall be confirmed by Parliament :

contributions

2. From and after the time when this Order shall be confirmed by Parliament, the urban sanitary authority and the rural sanitary authority shall contribute to the payment of each instalment of the said mortgage debts of 5,000*l.* and 1,000*l.* and interest which shall thenceforth become due and payable in the proportions and in the manner following :

The urban sanitary authority shall contribute to each instalment of principal and interest a sum bearing to the total amount of such instalment the same proportion as the valuation, in pursuance of the Acts for the valuation of rateable hereditaments in Ireland, of the

rateable hereditaments comprised and included in the parts of the said townlands of Dromore and Ringmuckilroy, included within the urban sanitary district; bears to the total amount of the valuation of the whole of the said townlands; and the rural sanitary authority shall contribute and pay the balance of each such instalment remaining after deducting the amount of the contribution so to be paid by the urban sanitary authority.

Warrenpoint.

The amount of each contribution of the urban sanitary authority shall be raised and levied as part of, and by means of the rates leviable by the urban sanitary authority under the provisions of the Towns Improvement (Ireland) Act, 1854, upon and in respect of rateable premises situated within the said townlands of Dromore and Ringmuckilroy, not being private or district assessments, and shall be lodged with the treasurer of the rural sanitary authority at least one week before the day upon which the instalment to which it shall be a contribution shall become due and payable by the rural sanitary authority to the Commissioners of Public Works in Ireland according to the terms of the said mortgages of the third day of July, 1875, and twelfth day of January, 1878, respectively; the rural sanitary authority shall from time to time raise and levy, as part of the poor rate on the parts of the said townlands of Dromore and Ringmuckilroy not included in the urban sanitary district, the balances remaining of each such instalment after deducting the amount of the contribution thereto from time to time, to be made and paid by the urban sanitary authority, and shall from time to time pay to the Commissioners of Public Works in Ireland the whole amount of each such instalment of principal and interest according to the provisions of the said mortgages of the third day of July, 1875, and twelfth day of January, 1878, respectively.

Provided always that nothing contained in this Order shall in any way, as between the rural sanitary authority and the Commissioners of Public Works in Ireland, impair, diminish, or affect the security provided for the repayment of the instalments of principal and interest by the said mortgages of the third day of July, 1875, and twelfth day of January, 1878, according to the terms of the said mortgages, and the rural sanitary authority shall notwithstanding any omission or default of the urban sanitary authority to pay or lodge the amount of any contribution hereinbefore provided for, continue liable and bound to raise and pay to the said Commissioners of Public Works the whole amount of each instalment of principal and interest according to the terms of each of the said mortgages respectively. If liberty be hereafter given to the urban sanitary authority to borrow from the Commissioners of Public Works in Ireland a sum sufficient to pay off their proportion of the said two mortgages and to leave a sufficient margin either to improve the present water supply, or get a purer supply from other sources, it is hereby ordered, that the said urban sanitary authority, if they so desire it, and if the said Commissioners of Public Works shall consent, shall be at liberty to pay off their proportion of the said two mortgages, and their proportion shall

Such proportion shall be paid by the urban sanitary authority to the rural sanitary authority, and the rural sanitary authority shall pay same to the Commissioners of Public Works, and procure from the Commissioners of Public Works a proper release to the urban sanitary authority from said two mortgages; and thenceforth the rural sanitary authority and the rateable hereditaments included in the rural sanitary district of the townlands of Dromore and Ringsackilroy shall remain solely liable for the balance of said two mortgages. The costs and expenses of obtaining such release shall be paid by the urban sanitary authority to the rural sanitary authority.

And it is further ordered that all arrears of such rates made, due and owing at the time of the confirmation of this Order by Parliament, shall be paid to and shall be collected, raised, and levied by the rural sanitary authority upon and in respect of all premises rated in respect thereof whether situated within or outside of the urban sanitary district. And it is hereby ordered that in case at any time the urban sanitary authority shall make default in lodging the amount of the contribution payable by such authority to any instalment of principal or interest according to the terms of this Order, if and so often as any such default shall take place, it shall be lawful for the rural sanitary authority to raise, levy, and enforce payment of the amount of such contribution, as part of the poor rates leviable upon the parts of the said townlands of Dromore and Ringsackilroy situate within the urban sanitary district.
